

Finance Information for Parents/Caregivers

School fees are charged for all primary and secondary schools but vary according to the individual school's needs and student priorities.

Governing Council has approved The Australian Science and Mathematics School's (ASMS) 2026 Materials and Services Charges (school fees) of \$915. We at the ASMS understand the financial strains families are facing in the current economic climate; hence school fees remaining the same as 2025. Please note also that the Premier's Rebate for 2026 is \$200, so once applied reduces the fee balance to **\$715** per student.

In accordance with Department for Education requirement, the Materials and Service charge is due by the end of **Term 1, 2026 (10/04/2025)**.

We endeavour to offer an affordable education of the highest quality and there is a deeply held philosophical commitment at all levels that no child should be denied an education due to a genuine incapacity to pay their children's school fees. We are committed to keeping additional fees (over and above the school fees) to a minimum wherever possible. (Year 12 Formal, camps, are not included in the school fees).
