

## Service Club Report for ASMS Newsletter November 2023

I would like to thank everyone who contributed to the fundraising for the ASMS Service Club this year. We started off the year with the new Half Day Activities Day. With the devastation of the Turkiye and Syria earthquake, the whole school raised \$1080 that was donated via the Red Cross. Some students held a Pink Pancake Day to raise funds for International Women's Day and in March Kay Gillett organised a Colour Run for Harmony Day. This raised \$40.00 that was donated to Backpacks for Kids. In May we held another successful Biggest Morning Tea Cake Competition which raised \$660 for the Cancer Council. A new event that 13 students organised was an amazing food sale to celebrate Diwali in November. The school community embraced the wonderful aromas wafting through the school and the queue to buy lunch went the length of the building.

At the time of writing this, we will have started our collection of Christmas gifts and food to donate to St Vincent de Paul. These items will be given to families in need to help make their Christmas a little brighter.

With further funds coming from recycling drink containers, selling plants, beanies, and other items, I anticipate that we will be able to donate \$5000.00 to our various charities in 2023.

Thanks again for supporting the ASMS Service Club

Debbie Smith -  
Coordinator
